"Profe spoke and wrote in Spanish a lot so we could learn and understand it better."

Evaluation

Students will be graded on...

- Participation (25%)
 - *Students are expected to actively participate in class activities and speak the target language when asked. Each period is worth 5 points and each block is worth 10 points for a total of 25 points per week. Not having your book, chapter packet, or writing utensil with you will result in a slight loss of participation points that day. Not participating in class activities, not attempting to speak the target language when asked, and being disruptive will result in a major loss in participation points that day.*
- Homework (25%)
 - *There are three homework assignments per chapter, generally one or two homework assignments per week, depending on how the days fall. The homework consists of worksheets that practice the vocabulary and grammar from each chapter. These are essential for practicing writing and using the language on an individual basis.*
- Tests (25%)
 - *A test will be given at the end of every chapter that includes the following sections: listening, reading, writing, culture, vocabulary and grammar.*
- Oral Presentations and Compositions (25%)
 - *At the end of every chapter students will prepare an oral presentation. The two parts to this include: 1) writing a paragraph on a given topic before class, and 2) working with a partner in class to ask and answer questions about what you wrote. Students may also be asked to do in class writing or in class dialogues which would also fall in this category.*

The final exam is worth 20% of the semester grade.

If we move to online learning only, be prepared to use Google Classroom to access lessons and assignments. In that case, the grading will be adjusted to 50% Participation (did you watch the videos and do the practice activities?) and the other 50% Accuracy (how accurate were you in the work you did?). There will be no tests and no written homework assignments given during online learning for Foreign Language. Any tests missed will be made up when we return to in person class and instead of written homework assignments we will do various online practice activities using Quizlet, Kahoot, Google Forms, Google Drawing, Google Slides and Google Docs

Language Learning Resources

The following are some websites and apps that students can use for extra help and practice.

*Wordreference Dictionary <http://www.wordreference.com/> and app available for Android and iPhone

*Conjuguemos <https://conjuguemos.com/index.php> for verb conjugation and vocabulary practice (no app available)

*****Please note that wordreference.com is the preferred online dictionary, using google translate to translate entire sentences IS plagiarism (see policy on the next page)*****

National Exams

In the Spring all students in Spanish levels 2, 3 and 4 will be taking the National Spanish Exam. This exam is offered through the American Association of Teachers of Spanish and Portuguese (AATSP) and will be taken during class. Students receive scores in two categories: Achievement (Vocabulary and Grammar) and Proficiency (Reading and Listening). Individual scores can be compared against local and national averages, and scholarships are also available for advanced level students who apply.

Teacher Availability

If you have questions about your grade or something for class please email me at emeier@lhskc.com. It is my goal to update the online gradebook every weekend so please check this frequently and do not hesitate to ask about grades.

Classroom policies

1) Absences and Tardies:

- Students are responsible for making up missed work and gathering missing notes and handouts. No matter the reason for your absence (illness, sports, family, vacation, etc) you will lose points for being absent UNLESS you inform me of your absence and ask for the work you missed (email works great for this- remember emeier@lhskc.com). This year there is the option to participate from home via Zoom any day that you are sick- remember the link is at the top of the Google Classroom page.
- Students will be considered tardy if not in a desk in the classroom when the bell rings. The student will not be informed of the tardy; it will simply be noted on the participation sheet. *Unexcused tardies impact your grade so make sure you are getting a pass from the office or a teacher if there is a legitimate reason for your tardy.*

2) Homework:

- All homework is expected to be completed BEFORE class on the due date. Late work will be accepted, but will not be given full credit. Homework turned in late will have points taken off the total earned score. The amount of points taken off depends on how late the assignment is and what the reason is for the assignment being late. This is up to the discretion of the teacher.

3) Cheating and Plagiarism:

- All work submitted in this class is expected to be created solely by the student. Cheating and plagiarism will not be tolerated.
- If students are found to have copied another student's work, BOTH the student who copied the work and the student who allowed their work to be copied will receive a 0 and will not be allowed to re-do the assignment.
- Using online dictionaries is acceptable. I recommend www.wordreference.com. Dictionaries are to be used to solely look up individual words or two word phrases (i.e. tank top), however. Using Google translator or a native speaker to translate *entire sentences and/or paragraphs* of your assignment is considered plagiarism. Such work will be given a 0 and students must meet with the teacher to determine if the work can be redone.
- Don't even try it. Believe me, I will know when you have used an online translator and/or native speaker.

4) Electronics:

- Students are NOT allowed to use electronics (cell phones, smart phones, iPads, laptops, etc.) during class. *Cell phones must be kept in your backpack or locker OUT OF SIGHT at all times. Any phone that is seen during class or used in any way without permission will be confiscated. Checking the time and texting your parents are NOT acceptable reasons to use your cell phone.*
- Students are NOT to use iPads or laptops in class without explicit permission from the teacher. Permission will only be granted for academic reasons relating to what we are working on in class.
- Confiscated electronic devices will be given to the office where they can be retrieved for a fee.
