

Lutheran High School of Kansas City

Medication Authorization Form

Students needing medication to be given during school hours must have a medication authorization form on file in the student's health record. These forms must be completed and signed by the physician and parent and returned to the school office before any medication can be given. All medications, including over-the-counter medications must have an authorization form completed.

Parents must supply the medication in a container with the original label, appropriately labeled for the administration during school hours. Medicine to be given at school is to remain at school for the period of time it is to be given. Please have your pharmacist label two containers for prescription medications, one for school and one for home.

I hereby request school personnel to supervise the administration of the medication for my child, named below. It is understood that the school is administering medication to my child and/or supervising the administration thereof gratuitously and in reliance on my request and the accompanying physician request. Accordingly I assume all responsibility regarding this matter and hereby release the school, its personnel and governing administrative bodies from any and all liability as to injuries or ill effects of any kinds which may be caused thereby, including those ill effects caused by school by school personnel failure to remind students to take the prescribed medication and to monitor its dosage.

STUDENT

Child's Name _____ Grade _____ Date of Birth _____

Medication _____

Dosage/Time to be given _____ Total Daily Dosage _____

Starting date for medication _____ Discontinuing medication on _____

Reason for taking medication _____

Possible side effects _____

Student allergies to past medications _____

Physician Name _____ Physician office # _____

Physician signature _____ Date _____

Parent signature _____ Date _____

Request for Child to Self-Administer Medication

I have trained the child named above and consider the child to be capable of self-administering an inhaled medication, an epi-pen, or insulin. Only a rescue inhaled medication for asthma or an epi-pen for severe allergic reaction may be carried by the student.

Physician signature _____ Date _____

In accordance with the physician's request, we want our child to self-administer the above named medication. I realize there are additional responsibilities in doing so and assume responsibility for those liabilities.

Parent signature _____ Date _____
